

My name is Angela, and I'm a 6th grader at Marce Herz Middle School. I've been learning piano since June 2022, and I love to learn new pieces and improve. Music and art are my favorite hobbies. I could spend hours sketching people, food, or anything that pops into my head. I also love shopping for adorable stationery, especially notebooks, pens, and stickers. If you're ever heading to a big city or an amusement park, feel free to bring me along—especially if there are sweets. I love noodles, fruity popping boba, chocolate, and almost every kind of food. I also like beautiful flowers (don't worry, I don't eat them). My big goal is to work hard in school so I can go to Stanford University someday. Overall, I'm a creative and ambitious person who enjoys piano, art, good food, and fun trips with my family.
